

CORPORATE QUALITY POLICY STATEMENT

It is the policy of the Company to strive at all times for the satisfaction of its customers, its shareholders and its employees. The Company is therefore committed to maintain and to implement a Management System, certified to ISO 9001 standards, for the purpose of ensuring that

- customers' expectations and requirements are adequately understood and taken into account in the setting of project and personal objectives;
- processes and resources are planned and allocated on the basis of these objectives, with a clear priority given to efficiency and innovation;
- the potential risks of failing to achieve objectives are identified and fully considered in the planning and control process;
- the quality of services and works produced and the level of client satisfaction are regularly measured, and the findings used in a planned and preventative improvement process.

The success of this policy relies on the motivation and the commitment of our personnel in the adherence to the Company's Management System, with a view to achieving the highest standards of quality expected by its customers and its parent company Bouygues Construction.

It is the duty of all employees to ensure that this policy forms the basis of all undertakings of the Company, its suppliers and subcontractors, and that its implementation is carried out in a spirit of true partnership with all our customers.

Luc Messier
Managing Director
